About the property

THE BASE Bukit is a modern resort-style condominium by Sansiri, inspired by Peranakan culture and located in the heart of Phuket Town. The project offers a seamless blend of tradition and contemporary comfort, situated just 550 meters from the premier Central Phuket shopping mall.

The complex's architecture is harmoniously integrated into the landscape, offering residents access to a 30-meter swimming pool, a two-story fitness center, and cozy co-working spaces. Each apartment is designed with a focus on functionality and comfort, using soft natural tones and high-quality finishing materials.

With professional management by Sansiri and walking distance to the island's best shops and schools, THE BASE Bukit is a liquid asset with high capital appreciation potential.
