About the property

El Pinet Beach II is an exclusive residential complex located just 700 meters from the pristine beaches of La Marina. The project offers modern 2-bedroom apartments seamlessly integrated into a unique landscape of salt lakes and pine forests, providing residents with premium comfort and direct access to the Mediterranean.

The Claudia Building stands out with its minimalist architecture and functionality. Ground-floor apartments feature private gardens, while penthouses offer expansive solariums with views of the sea and the Santa Pola Natural Park. Interiors come with high-quality finishes, including pre-installed ducted air conditioning, modern kitchen units, and built-in wardrobes. The gated community offers a communal pool and landscaped leisure areas.

Located in the protected El Pinet area, the development ensures a low-density environment and preserved natural beauty. Just 20 minutes from Alicante Airport, this project is perfect for both seasonal stays and high-yield investments. It represents a unique chance to own property where modern infrastructure meets the untouched nature of the Costa Blanca, promising steady capital appreciation.
