About the property

Seaway Tower is an exclusive 16-story tower with only 22 residences, located just steps from La Fossa sandy beach. The project offers a unique design with fluid lines, spacious terraces with panoramic views of the Mediterranean Sea and the iconic Peñón de Ifach, merging luxury and privacy in one of Calpe's prime locations.

Every detail in Seaway Tower is designed for maximum comfort: panoramic floor-to-ceiling windows flood the interiors with natural light, while premium finishes underscore the elite status of the property. Residents enjoy first-class amenities, including an outdoor swimming pool, a terrace infinity pool, a gym, and lush green relaxation areas. The limited number of apartments per floor ensures peace and minimal proximity to neighbors.

Positioned between the pink salt lakes with flamingos and the azure sea, this project is a trophy asset. Proximity to fine dining, the marina, and natural parks makes it ideal for both personal residence and high-yield investment. This is a rare opportunity to own a modern property in a fully developed prestigious area with guaranteed capital appreciation potential.
