About the property

Located in the exclusive Arbórea Community, these six villas offer a rare combination of contemporary design, privacy, and contact with nature. The architecture rests gently on the land, integrated into the surrounding forest. High ceilings and large panoramic windows erase the boundaries between indoors and outdoors, opening the living spaces to the terraces, the private garden, and the pool. High-quality natural materials such as stone and wood create a feeling of warmth and authenticity.

Designed by the renowned studios AECOM and Mediterranean Nomad, the villas feature a thoughtful layout spread over two levels. The interior embodies Mediterranean warmth with subtle nomadic influences, creating a cozy and sophisticated atmosphere. As part of the award-winning resort, residents enjoy all the services and privileges of 'My Las Colinas', including a championship golf course, a sports club, restaurants, and 24/7 security. This is more than a home; it's a true sanctuary designed for a life of calm and balance in the heart of the Costa Blanca.
