About the property

Duly Lo Marabu Villas is an exclusive collection of modern detached villas with private swimming pools, located in the prestigious area of Ciudad Quesada on the Costa Blanca. The development features single and two-story layouts (Nova, Juliet, and Vega models) with 3 to 4 bedrooms, private plots, sunny terraces, and spacious rooftop solariums. Designed with a strong emphasis on privacy, high-end comfort, and energy efficiency, these residences represent an ideal choice for luxury living or high-return investments.

Every villa includes a private 6x3m swimming pool (pre-installed for a heat pump), fully fitted bathrooms with electric underfloor heating, premium Bosch kitchen appliances, ducted air conditioning, a complete furniture package, and motorized blinds. Each property boasts a private plot with off-street parking, a landscaped terrace, and options for an underground basement or solar panel installation.

The project enjoys a prime location within short walking distance to local amenities, commercial centers, and dining options. Top-tier golf courses like La Marquesa, the natural salt lakes, and the Mediterranean beaches of Guardamar del Segura are just minutes away by car, ensuring strong capital appreciation and excellent rental yields.
