About the property

Amiral by ZOROM is an exclusive collection of 24 premium villas in La Nucía, offering panoramic views over the bays of Benidorm and Altea. The project blends avant-garde architecture, high-end porcelain stoneware and natural stone facades, with the privacy of individual plots featuring personal swimming pools. Located just minutes from international schools, pristine beaches, and sports centers, it is designed for effortless family living and utmost comfort. An exceptional opportunity to own a residence of distinction on the Costa Blanca.

Each villa is masterfully designed with an emphasis on tailored detail and functional elegance. The spacious interior layouts offer 3 to 5 bedrooms, light-filled open-plan living areas, and seamless integration with private outdoor terraces. Everyday convenience is built into the home's DNA, featuring spacious parking for over three vehicles, e-bike charging stations, dedicated utility rooms, and custom pet-washing facilities. Landscaped roof terraces elevate both privacy and the connections to the natural Mediterranean scenery.

The strategic location ensures quick connectivity to top-tier amenities. Within 5 minutes, residents can reach international schools and the Camilo Cano Sports City, while the beaches of Benidorm and Altea, golf courses, and mountain trails are only 10-15 minutes away. Exceptional craftsmanship combined with rising demand for private luxury villas makes Amiral a rock-solid asset with outstanding capital appreciation potential.
