About the property

Mykonos Apartments is a modern residential development by Grupo Vermell located in the tranquil town of Dolores (Alicante), right next to the El Hondo Natural Park. Comprising two residential blocks with 2- and 3-bedroom apartments, the project offers ground-floor units with private gardens as well as top-floor penthouses with spacious rooftop solariums. Residents enjoy a secure gated community featuring a communal swimming pool, landscaped lounge areas, and private parking. An exceptional choice for Mediterranean living or a high-yielding real estate investment on the Costa Blanca.

The architecture draws inspiration from classic Greek Mediterranean aesthetics, combining pristine white facades with warm natural detailing. The internal layouts emphasize light and space, featuring open-plan living and dining areas, modern kitchens equipped with induction hobs and extractor fans, built-in wardrobes, and elegant bathrooms. Ground-floor properties feature private garden terraces, while top-floor units boast generous rooftop solariums designed for outdoor relaxation.

Strategically situated within walking distance of town amenities — including supermarkets, pharmacies, medical facilities, and sports grounds — the development ensures convenient everyday living. The sandy beaches of Guardamar del Segura and championship golf courses are just a 10-to-15-minute drive, while Alicante Airport is reachable in 25 minutes. Built to high energy-efficiency standards with aerothermal water systems and pre-installed ducted A/C, Mykonos Apartments guarantees strong asset growth and rental returns.
