About the property

Tap Vita Ruby is a next-generation residential development by Tap Global, located in the rapidly growing Kepez district of Antalya. The project comprises 3 six-storey residential blocks featuring 1+1 and 2+1 apartments, alongside a dedicated commercial block for daily conveniences. Residents enjoy a rich array of on-site amenities, including a large swimming pool, fully equipped fitness center, sports courts, running track, and landscaped recreational gardens. An exceptional opportunity for year-round coastal living or a high-yielding real estate investment with guaranteed rental options.

The architecture blends contemporary urban style with rigorous construction standards and long-term durability. Apartments range from 50 sqm (1+1) to 89 sqm (2+1), featuring functional layouts with spacious living rooms, open-plan or separate kitchens, elegant bathrooms, and private balconies overlooking the courtyard or mountain scenery. Every residence is delivered with sophisticated interior finishes, high-spec fittings, integrated kitchen furniture, and stylish fixtures.

Situated in the fast-developing Kepez area, the project boasts superb connectivity: Antalya International Airport is just 15 minutes away, the city center and Mediterranean beaches are 20 minutes away, while major hospitals, malls, and the Upper Düden Waterfall are within 10 minutes. With guaranteed rental management programs, below-market entry pricing, and flexible payment plans, Tap Vita Ruby delivers strong resale potential and attractive passive rental returns.
