About the property

Natulux by Döveç Group is an exclusive luxury seafront residential development located on the first coastline in the scenic Küçük Erenköy (Tatlısu) area of Northern Cyprus. The architectural concept seamlessly blends contemporary minimalist design with untouched Mediterranean nature, offering a curated collection of luxury villas, penthouses, and garden apartments with panoramic sea views. Thoughtful resort-style amenities and a private atmosphere make Natulux an ideal choice for both serene coastal living and high-yield property investment.

Every residence is designed around abundant natural light, expansive glazing, and a seamless flow between indoor interiors and generous terraces facing the azure horizon. Residents enjoy sea-view infinity pools, a modern spa and wellness center, a fully equipped gym, an on-site restaurant, and landscaped walking paths set within Mediterranean gardens. The use of natural finishes and Döveç Group's high construction standards ensures effortless year-round comfort.

Positioned in one of the coast's most promising resort corridors, the development offers convenient access to pristine beaches, Korineum Golf & Beach Resort, and the amenities of both Kyrenia and İskele. Backed by its prime beachfront setting from a leading island developer and comprehensive property management services, Natulux represents a highly liquid luxury asset with strong capital appreciation potential and steady rental demand.
