About the property

D-Point by Döveç Group is an innovative "All-in-One" mixed-use development in the heart of Long Beach, İskele, uniting contemporary residential living with a high-tech business hub across 405 units. Designed as an integrated ecosystem for living, remote work, and leisure, the project pairs sunlit apartments with coworking spaces, a business center, an aqua park, restaurants, and retail outlets. With construction underway since May 2025 and delivery scheduled for December 2028, D-Point offers a strategic entry point during a phase of high capital appreciation.

The architectural master plan blends modern apartment buildings and townhouses featuring expansive windows that flood interiors with Mediterranean sunlight, alongside a dedicated Home Office concept tailored for modern professionals. Across palm-lined landscaped grounds, residents enjoy a resort-style swimming pool, an aqua park, a children's pool and playgrounds, stylish cafes, upscale restaurants, EV charging stations, and dedicated parking. Round-the-clock security, reception services, and the Döveç Life digital platform ensure effortless daily living.

Its central position in İskele establishes D-Point as a natural magnet for quality tenants, digital nomads, and flagship retail brands. Backed by Döveç Group’s 36-year legacy and signature professional rental management system, owners benefit from strong capital growth potential through handover in 2028 and reliable, hassle-free rental returns thereafter.
