About the property

AYANA Soluna Villas is a rare opportunity to become part of a nature reserve. Located in the heart of Phuket, the project preserves 70% of the forest cover, providing a unique microclimate and absolute privacy. Each of the 62 villas is an architectural masterpiece, harmoniously integrated into the landscape and equipped with its own pool, with views of the mountains, lake, or sea.

Life here is a synergy of luxury and nature. Spacious residences with high ceilings, premium finishes, and a developed community infrastructure provide a sense of serenity. Proximity to international schools and beaches makes this project an ideal choice for both family life and profitable investments in the future.
