About the property

Pelagia rises on the shores of Al Marjan Island as a sculptural tribute to the sea, its rhythmic balconies echoing the movement of waves while its Vastu-aligned design invites balance and serenity into every residence. Sweeping views of the Arabian Gulf pour through expansive glazing, erasing the boundary between indoor refinement and coastal splendour. The amenity ensemble is curated for a life without compromise: an infinity pool that merges with the horizon, a tranquil yoga deck, rejuvenating steam and sauna rooms, a dedicated kids' pool and splash pad, gourmet BBQ areas, and a scenic rooftop pool bar that turns every sunset into a celebration. Whether seeking a private sanctuary or a vibrant social backdrop, Pelagia offers a canvas where every moment is elevated.

Set within one of the UAE's most dynamic investment corridors, the project benefits from Ras Al Khaimah's tax-efficient freehold framework and rapidly appreciating property values. A flexible payment structure — with a substantial portion deferred well past handover — significantly eases cash flow, making this an attractive proposition for both end-users and investors. As Al Marjan Island matures into a global destination for luxury and leisure, Pelagia stands as a rare opportunity to secure a legacy address where uncompromising design, enduring value, and soulful waterfront living converge.
