About the property

Samana Resorts blurs the line between home and a five-star hotel, inviting residents into a world where every day is filled with serenity. The complex is situated in prestigious Dubai Production City, surrounded by green alleys and cascading pools. Architecture with flowing lines and floor-to-ceiling glazing fills the residences with light, while private terraces with pools and lounge areas become a personal spa sanctuary. The interiors are kept in a neutral palette with tactile textures that emphasise an atmosphere of quiet luxury.

The infrastructure offers everything for restoration and health: a gym with up-to-date equipment, a spa area with a sauna, a yoga studio, and meditative garden corners. The district provides instant access to the main highways — Downtown, Dubai Marina, and Al Maktoum Airport are within 25 minutes, while schools and supermarkets are within walking distance. A long installment plan and strong rental demand make the project equally attractive for comfortable living and long-term investments with a projected yield of 7–9%.
